

Information for Groups

Hornsea Mere is an excellent place to start sailing and a great place to learn, Hornsea Sailing Club welcomes groups of all ages and abilities to join us on the water.

Organisers should note;

- Hornsea Sailing Club is an RYA Training Establishment and when possible all activities should be organised within the RYA training guidelines <rya.org.uk>.
- Boats not parked in our boat park are subject to a daily boat fee which entitles the users to access the water, and gives them temporary Club membership and safety boat cover. The boats should be insured for the planned activity and carry a limit of indemnity of not less than £3,000,000.
- If one of the group is a member of Hornsea Sailing Club then the group is able to hire boats from the Club training fleet. The cost is similar to the daily boat fee and offers the same benefits as listed above.
- The activities of the group are subject to the control of the designated Officer of the Day when racing is organised or the designated safety boat driver for other days.
- Generally groups will be subject to the times of the normal sailing sessions available to Club members. In certain cases these times may be extended by request in advance of the visit.

To book a session or for more information contact the
Training Coordinator Stephen Sharp
